

Mövenpick Hotels & Resorts signs agreement to manage its first resort in the Maldives.

Mövenpick Resort & Spa Kuredhivaru Maldives will offer contemporary elegance in Noonu Atoll.

Bangkok, Thailand, 26 April 2017 – Mövenpick Hotels & Resorts has signed an agreement to manage its first resort in the Maldives. The planned 105-unit resort, Mövenpick Resort & Spa Kuredhivaru Maldives, will be situated on the remote Kuredhivaru Island in Noonu Atoll, providing a desirable sanctuary surrounded by pristine natural beauty in the exclusive northern part of the Maldives. It is scheduled to open during the second quarter of 2018.

The contemporary tropical resort will combine comfort and style, with 33 Beach Villas and 72 Over Water Villas. While designed as a destination for relaxing and rejuvenating escapes offering a high degree of privacy, the resort will also feature an array of onsite recreational facilities to entertain a wide range of guests, from honeymooners to adventurous families.

Located in one of the Maldives' most idyllic atolls, the resort will be one of the few exclusive properties in the area to offer guests an opportunity to completely immerse themselves in spectacular scenery and untouched nature. Many of the surrounding islands are still uninhabited.

“It’s no secret that the Maldives is a much sought after holiday destination that is still increasing in popularity and our spectacular resort represents a significant entry for Mövenpick into this world-renowned island hideaway,” said Chief Development Officer and Senior Vice President Asia, Andrew Langdon. “We look forward to introduce our guests of Mövenpick Resort & Spa Kuredhivaru Maldives to Mövenpick’s signature style, hospitality and service once it opens in 2018.”

Rich in marine life and excellent diving opportunities, the waters surrounding the resort will play an integral role in its appeal through a variety of above and underwater experiences. The resort will feature a comprehensive dive centre, beach sports activity centre, exclusive guest-only superyacht, as well as a small scale marine research centre and private marina.

The first Marine National Park (MNP) in the Maldives, which consists of a group of nine uninhabited islands commonly known as Edu Faru, is approximately 15 minutes from the resort via speedboat. The popular Christmas Tree Rock and Orimas Thila dive sites are also an easy boat ride away.

Exquisite culinary experiences are a cornerstone of the Mövenpick experience and the new Maldivian resort will offer five unique dining venues. Among these are a welcoming all-day dining restaurant, a speciality restaurant with sunset views, a seafood restaurant, a grill bar and private dining room for special occasions.

Enticing wellness and recreational facilities will include a luxurious spa with 14 private treatment rooms. Other features include a tranquil yoga pavilion, a state of the art gym, water sports centre, volleyball and tennis courts. The resort will also have a business centre, library and retail boutique to

further ensure guests enjoy a convenient and carefree stay.
