A glamorous award ceremony was the scene for the Asia and Australasia edition of the 21st World Travel Awards, where Mövenpick Residences Karon Beach Phuket was announced the winner of “Thailand’s Leading Hotel Residences”.

The awards, often referred to as the ‘Oscars of the travel industry’, are globally recognised as an outstanding hallmark of quality, dedication, innovation and service excellence. An elite gathering of tourism and hospitality professionals gathered in New Delhi to celebrate this year’s announcements.

“We are truly blessed with a great product in a spectacular beachfront location overlooking the Andaman Sea,” said Hansruedi Frutiger, general manager of Mövenpick Residences Karon Beach Phuket. “Other than that, we simply do normal things in an extraordinary way and I believe that is one of the crucial reasons we are so successful. It is such a wonderful pleasure to receive this prestigious award this year.”

The upscale seafront hotel residence property in Thailand comprises 30 two-bedroom apartments with thoughtfully-designed living spaces of 125 sqm. Guests also enjoy full access to the many facilities at Mövenpick Resort & Spa Karon Beach Phuket, among which count four swimming pools, a spa, fitness centre, children’s club and four restaurants.
