

ZARA Spa at Mövenpick Resort & Spa Tala Bay Aqaba Earns Condé Nast Johansens' Recommendation as One of the Best Luxury Spas Worldwide.

Tala Bay, Aqaba, Jordan, 25 January 2016 – ZARA Spa at Mövenpick Resort & Spa Tala Bay Aqaba continues to make a name internationally after receiving the most-coveted Condé Nast Johansens' recommendation as one of the best luxury spas of the world. This is the fourth consecutive year that the renowned spa received the sought-after commendation, which was put forward by the leading reference guide's team of experts. This reassures travellers of the exceptional services offered at ZARA Spa Tala Bay.

Zara Spa Tala Bay has revolutionised Jordan's spa landscape with experiences such as the "Ice Fountain" to stimulate circulation and tighten the skin, and "Experience Showers" to completely revitalise the body through the inventive use of light and fragrance. The spa covers 1,200 sqm and features 11 different types of treatment rooms. These include a sky-light hydro pool, honeymoon suite, relaxing sauna, skin-enhancing steam rooms, natural products shop, beauty salon, nail studio and relaxing tranquillity areas.

"Being recognised by the professionals of the spa industry is both humbling and inspiring," said Beat Peter, the resort's general manager, when asked about the award. "At ZARA Spa Tala Bay, we only offer what we believe is best for our guests. And if along the way, we are recognised for doing what we do, then we do not have any other words to say but our sincere thank you."

Five years after the spa's grand opening in April 2010, ZARA Spa Tala Bay continues to fulfil its philosophy of providing innovative well-being experiences, traditional treatments and professional services, which are grounded on naturally sourced Jordanian products.
