

Environmental Policy

It is the policy of the Mövenpick Hotel and Resort Al Bida'a – Kuwait is to be an industry leader also as far as the protection of the environment is concern. "We are acting with responsibility" for the benefit, confidence and safety to our guests, hotel staff, the neighboring community and the protection of the nature and environment.

Through this policy, the Management of Mövenpick Hotel and Resort Al Bida'a is aiming to:

- Reduce consumption of resources and meet our responsibilities in the field of public health and human safety. Accept social responsibilities and show solidarity whenever necessary in performing the activities, our business units must be careful to spare and protect natural resources.
- We support the environment by implementing measures to reduce the energy consumption through 2018
- We support environment measures that are pioneering for the catering business and take into account reasonable interests of the economy as a whole.
- We encourage our staff to undergo training and awareness raising in order to protect the environment
- We support the local community specially the weak part of it with financial compensations, individual donations and gracefulness as explained in the MHR "Kilo of Kindness" campaign. We encourage our employees to support the local community with physical donations or donated hours.
- We will keep our guests, customers and employees informed about environment protection initiatives whenever they are worth reporting.
