Mövenpick Hotel Basel – Opening in Spring 2020

The new Mövenpick Hotel Basel will be built in the vibrant city centre (right next to the Swiss Federal Railway's Central Station) and as part of a large redevelopment of the Baloise Group's Headquarters by Spring 2020. The hotel is spread over 19 floors and will have 264 modern, light-flooded rooms and suites. The internationally renowned designer Matteo Thun will be responsible for the interior design, inspired by a "timeless modern" theme.

The "Puro" restaurant with a show kitchen on the second floor, and the "Mövenpick Bistro & Bar" on the ground floor provide culinary variety. The spacious and modern Meeting & Event infrastructure, totalling 2000m², offers the ideal setting for conferences and events for up to 600 people, from the exclusive boardroom to the ballroom (505m²). An exclusive spa and fitness area complete the offer.
