

Environmental Policy

We, the management and the Associates of Mövenpick Hotel Ibn Battuta Gate are committed to enacting environmental sustainability activities to ensure reduction of undesirable environment impact, with careful use of limited access.

Therefore, we subscribe to the following sustainability measures:

1. Positively contribute to the local culture and communities in which we operate in a way that is mutually beneficial and sustainable.
2. Work hand-in-hand with registered local and global charity partners (share best practices).
3. Encourage and actively promote a philosophy of volunteerism and enable its practicing.
4. Organize and support fundraising initiatives for recognized and approved international charities.
5. Implement donation schemes for guests and team members at hotel and area levels.
6. To make our own contribution towards the generations to come.

We at Mövenpick Hotel Ibn Battuta Gate, Dubai also endeavor to ensure to:

1. Comply with applicable local and international environmental laws, regulations and other needed requirements.
2. Provide a sound system to get our guests and hotel owners involved in our environmental procedures.
3. Apply environmental awareness to our purchasing practices in order to provide our guests with healthy food.
4. Structure specific and achievable environmental objectives and to measure our progress to meet our goals.
5. Implement effective pollution prevention programmes (minimise the generation of waste, reduce and recycle materials, investigate and evaluate new practices and procedures and dispose of waste in an environmentally responsible manner).
6. Ensure the responsible use of water and energy systems that are monitored throughout the hotel by implementing innovative practices and procedures for the conservation of nature.
7. By nature the hospitality industry is a large consumer of resources. Mövenpick Hotel Ibn Battuta Gate, Dubai, will reduce and streamline our resource usage and contribute to a sustainable environment.

Maurice Derooij
